PROFESSIONAL SUMMARY

Experienced technology professional with a proven track record of success as a Solution Architect. Possessing strong analytical thinking and decision-making skills, I excel at tackling complex challenges. Proactive and diligent, I continuously seek opportunities for growth and stay updated on emerging trends. My commitment to staying at the forefront of the industry allows me to deliver innovative solutions. I am eager to join a dynamic team, contribute meaningfully, and drive business growth.

RELEVANT EXPERIENCE

DARS TELECOM   **Madrid, Spain**
Solutions Architect   **December 2022 – Currently**
- Translated business requirements into comprehensive solution specifications, ensuring seamless implementation throughout the project life cycle and compliance with operational quality levels.
- Collaborated with cross-functional teams to decipher client requirements, utilizing Java to design robust solutions.
- Spearheaded prototyping and Proof of Concept (PoC) initiatives for innovative technologies, delivering value to the business and driving continuous improvement in shared services.
- Led cross-functional teams in the development of inventive software features, propelling a notable 15% surge in sales and leveraging proficiency in software engineering patterns and integration.
- Designed communication solutions meeting clients' requirements, focusing on Mobile Telephony, Fixed Telephony, IP Telephony, and Unified Communications
- Collaborated with the sales team, presenting meticulous technical and economic documentation, ensuring adherence to service level agreements (SLA).
- Innovated by developing Python scripts to automate server deployment processes, resulting in a remarkable 40% reduction in deployment time, showcasing prowess in optimization and efficiency.

Systems Engineer   **September 2022 – December 2022**
- Performed Unix/Linux System Administration and networking project implementation services (Firewalls, Switching, Wi-Fi, NAC)
- L3 level support

ACCENTURE   **Madrid, Spain**
Project Management Officer   **June 2022 – September 2022**
- Keep track of the project tasks at "PMO" level
- In charge of chasing the different stakeholders of the project (customer, price, promotions, product)
- In charge of presenting possible risks and delays in control meetings with the client

AUTOMOVILES AEROLAN   **Madrid, Spain**
Full Stack Developer (VueJS/NodeJS)   **June 2021 – May 2022**
- Designed and developed corporate website, utilizing NodeJS and ArangoDB for backend services and APIs.
- Implemented diverse technologies, including VueJS and frameworks, for a dynamic user interface.
- Designed and implemented scalable and secure system architecture for efficient web application.

EDUCATION

UC3M UNIVERSITY   **Madrid, Spain**
Dual Bachelor of Computer Engineering and Business Administration   **September 2018 – July 2023**
- **GPA:** 7.50/10

CAMILO JOSÉ CELA UNIVERSITY   **Madrid, Spain**
Bachelor of Agile Organizations and Digital Transformation   **September 2023 – September 2023**

ADDITIONAL INFORMATION
